PURE EXPERTZ

SERVICES THAT YOU CAN TRUST

FOR BUSINESS OWNERS AND LEADERS

Build an incentive trip strategy for your business, your team, your family, or your community.

Most organizations reward people with a bonus that disappears into a paycheck. The ones that keep their best people build something worth staying for — a shared experience earned together, tied to real training and real progress.

That is what we design. Not a holiday. A commitment layer that sits on top of structured education, so your team levels up and has something to aim at.

- **Business owners** who want their team trained, not just busy
- **HR, CEOs and CFOs** carrying a duty to protect their employees
- **Real estate and home care professionals** building a practice, not a job
- **Families** navigating caregiving, aging parents, and life under one roof

Where this starts

Open office hours, Tuesday through Thursday at 1 PM Central. Free — and a full walk through the ecosystem: finance, sales, marketing, operations, and health and wellness. You will also see where **independent consultant** positions fit, how we train them, and where coaching, mentoring and business advisory come in.

CPP® Certified Protection Professional — Board Certified in Security Management

WSI — Certified AI Consultancy

CPP® — issued by ASIS International. The leading credential in security management for over forty years.
WSI — Certified AI Consultancy.

Structured education, at every level.

Private professional education. Start anywhere. Move at your own pace.

Free

Open Office Hours

Tuesday, Wednesday, Thursday · 1 PM Central. Bring a real problem. A full walk through the ecosystem.

$27/mo

Ecosystem Access

The full library, the community, and every resource we build — added to continuously.

$47/mo

Total Smart Pro · Business Owner Membership

AI tool deployment, peer strategy sessions, business builder playbooks and priority access. **Trusted Service Provider listing opens in your second month** — we get to know your work first.

$89

Four-Week Workshops · live

Four live sessions, not a recording. Take the professional track and build your own blueprint — or **AI Family Resilience**, for families managing caregiving, aging parents, and multigenerational households.

Cohort

Certification Programs & Business Management Cohorts

Deeper builds for organizations and teams — AI deployment paired with health, safety and workplace violence prevention.

Aggression, bullying and workplace violence are preventable.

Prevention is not a poster on a wall. It is a system — and a cadre of trained observers inside the organization. **Competent, caring humans** who know what they are looking at, because the warning signs are observable and trackable long before anything happens.

These programs are built to be shared — with community and faith leaders, school resource officers, and any institution responsible for the safety of its students, members, patrons or employees.

Community in a Box — simple systems your team can actually run. Built for agency owners: insurance, accounting and bookkeeping practices, and home care agencies. Ask about deployment.

BOOK 25 MIN

Scan to put twenty-five minutes on the calendar and talk through what you are trying to build.

Rather talk than click? **847-991-9985** — call or text · support@pureexpertz.com

Pure Expertz programs are private professional education and are not accredited by any US college or university. Trusted Service Provider status is a screening step, not an endorsement or warranty. Nothing here is investment, legal, tax or medical advice.
